

# CLIL IN VOCATIONAL TRAINING

Łukasiewicz Research Network – The Institute for Sustainable Technologies and the University of Warsaw, jointly and on behalf of all research partners, cordially invite all interested parties to the closing conference of the **“Implementing the CLIL-VET Model in Vocational Schools”** project, funded through the Erasmus+ programme.

The aim of the conference is to communicate the results of the CLIL-VET project to the general public, showcasing how the outputs themselves can be used to improve vocational education.

**There is no conference fee (free participation)**

The organizer shall provide the following:

- lunch and coffee break service
- conference package
- certificates of participation
- simultaneous conference interpreting (English to Polish and Polish to English)
