

ERASMUS at IES

- Each year the first round of recruitment for Erasmus exchange studies takes place in **February/March**. Please watch the IES website like a hawk, so you don't miss the opening and the deadline. Most likely detailed information is going to be published in **early February** with a predicted closing deadline of **mid-March**.
- According to information from IRO, the university-wide general rules are scheduled to be announced in late January 2022.
- Detailed regulations for recruitment at the Institute of English Studies can only be announced after the IRO publishes the university-wide rules. BUT NO MAJOR CHANGES are expected.

Who can take part in the recruitment procedure?

- Students who are currently **2- and 3-year BA students and 1-year MA students** (also extramural).
- 3-rd year BA students → only spring semester and only if you continue MA studies at IES
- Min. GPA: 3,49
- Max. 1 warunek
- All agreements are signed for English Studies but some universities [French!] require some level of knowledge of the country's language.

What to submit? When? Where?

- Submit your **APPLICATION** (template is going to be available on IES website, Erasmus section, document called **ZGŁOSZENIE KANDYDATA**), listing 1, 2 or 3 universities of your choice, ranked according to preference and stating whether you are interested in a full-year or 1-semester scholarship. This should be in **POLISH. Please choose wisely.**
- Submit **your certified GRADE AVERAGE for the LAST FULL YEAR of studies** you have completed [most likely for 2020/2021; if you completed your BA elsewhere, you need to obtain a certified grade point average from that institution]. Your GPA counts for 80% of your final score.
- **Motivation letter in English** explaining WHY you want to study in your chosen locations. 1 letter is sufficient. This counts for 20% of your final score.
- Send these documents to the address: erasmus.ia@uw.edu.pl
- Do not apply via USOS, but you will see results in USOS (in the following week).

SELECTION CRITERIA

- A committee consisting of:
- The Mobility Coordinators, Director of Student Affairs and a representative of the student government will rank the applications according to the following criteria:
- 80% applicant's grade point average
- 20% letter of motivation. To ace your letter of motivation show that you have done your research about the chosen University, the department and the courses offered. Prove that you have an interest in the host country's culture. If you're applying to several universities, list reasons why you'd like to study in each one.
- The committee's report will be made public after the placements have been finalized.

- The list of universities with which IES UW has signed agreements and where you can study abroad follows on the next two pages of this document. However, it is may still change slightly.
- All agreements are signed with English Studies Departments. All offer courses in English.
- Please note that if an agreement is signed for the entire year (two semesters), you can still apply for 1 semester only. Please list your preference in the APPLICATION you submit.
- If you are granted a semester-long scholarship, but wish to stay longer, you may apply for an extension [in October 2022].
